Deliverable 4 Missed Requirements

Have not completed:

- Late payers marked as defaulted after March 1st
- On March 1st, notification of 50 dollar late fee addition
- On April 1st, email should be sent warning for payment or removal by May 1st
- September reminder for membership cancellation deadline
- Failed payment functions
 - Notify by email, 50 dollar charge
 - Month or few weeks until removal

Plan to Fix:

Attempt to implement email features, if not possible then focus on integrated notifications for these deadlines, charges, and reminders on web application GUI.
