When and Where
Date: March 6th, 2023
Start: 2:00 pm
End: 3:00 pm
Location: Library

Role
Team Leader: Anthony Clavette
Recorder/Timekeeper: Youmeng Hin
Attending Members: Ian Catania, Anthony Clavette, Youmeng Hin

1. **Objective**

Make deliverable 3 corrections in order to make our coding process easier.

2. **Status**

40 minutes spent making corrections to class diagrams.
20 minutes spent discussing the next step for the project.

3. **Discussion**
   - Deliverable 3 corrections
       - What are the parameters and return types for functions in class diagrams?
       - How will the different UI pages be laid out and designed?
   - What's next for starting deliverable 4: touching up digital UI mockup

4. **Wrap up**

Objectives completed on time, so new additions to task plan before next meeting:
   - Start organizing and planning for Deliverable 4
   - **Ian**
       - Work on Directory database and user information
       - Work on UI and page functionality
   - **Anthony**
       - Get familiar with using MySQL database with Django framework
   - **Youmeng**
       - Create LogIn API and implement to UI
